# NEWSLETTER

**September 1 through 15, 2001**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents, federal notices and federal grant applications received by the Clearinghouse during the period **September 1 through 15, 2001**.

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse.html#clearinghouse](http://www.opr.ca.gov/clearinghouse.html#clearinghouse)

Questions regarding federal grant notices should be directed to Sheila Brown.

Questions regarding processing of environmental documents should be directed to:

Katie Shulte Joung and Karen Fowler (for projects in Northern California)  
Scott Morgan and Brian Grattidge (for projects in Southern California)

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 222) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

If your attic has ample insulation and your home still feels drafty and cold in the winter or too warm in the summer, chances are you need to add insulation to the exterior walls as well. You may also need to add insulation to your crawl space.

# CEQA & Planning Case Law

## Summary of Recent CEQA & Planning Case Law

The following are summaries of recent court cases relating to the California Environmental Quality Act and/or land use planning law.

### CEQA Cases

<b>Case Name (No.):</b>	<i>Berkeley Keep Jets Over the Bay Committee V. Board of Port Commissioners</i> (A086708)
<b>Court, Filing Date:</b>	Cal. App. 1 <sup>st</sup> /2, 08/30/2001
<b>Source:</b>	2001 Daily Journal D.A.R. 9453
<b>Summary of Ruling:</b>	Because several significant environmental issues were not adequately addressed in the environmental impact report for the airport development plan, the court ruled a new report must be prepared.

---

### Planning Cases

<b>Case Name (No.):</b>	<i>Placer Ranch Partners et al. v. County of Placer</i> (C032561)
<b>Court, Filing Date:</b>	Cal. App. 3 <sup>rd</sup> , 08/29/2001
<b>Source:</b>	2001 Daily Journal D.A.R. 9482
<b>Summary of Ruling:</b>	County's prohibition against residential development within one mile of landfill is a valid zoning regulation.

---

*Please be advised, the information contained in these summaries does not constitute legal advice, nor should the summaries be relied upon as a matter of law. Refer to the full text of the cases cited for the complete ruling and case facts.*

# Federal Notices

## Intergovernmental Review Notices (September 1<sup>st</sup> – 15<sup>th</sup>, 2001)

The following are notices received by the State Clearinghouse from federal agencies in compliance with Executive Order 12372. If you would like more information about the subject matter, please contact the agency representative listed below.

**Agency:** Federal Energy Regulatory Commission  
**Contact:** David Boergers  
**Telephone:** (202) 208-2474  
**E-mail:** N/A  
**Address:** 888 First St. N.E., Room 1A, Washington, DC 20426  
**Description:** The FERC issued a Notice Granting Late Intervention to the California Sportfishing Protection Alliance (CSPA) on September 6, 2001 for Pacific Gas and Electric Company Project 137-002. Granting the motion to intervene will not unduly delay or disrupt the proceeding or prejudice other parties to it. Pursuant to Rule 214, the motion to intervene was granted subject to the rules and regulations of the FERC.

<b>Agency:</b>	Surface Transportation Board
<b>Contact:</b>	Vernon A. Williams
<b>Telephone:</b>	N/A
<b>E-mail:</b>	N/A
<b>Address:</b>	N/A
<b>Description:</b>	Union Pacific Railroad Company (UP) and California Northern Railroad Company (CNR) are seeking an exemption permitting UP to abandon and CNR to discontinue service over a 1.10-mile segment of the Los Banos Branch in Los Banos, Merced County, California. The Surface Transportation Board has granted this exemption on September 5, 2001 provided two environmental conditions and standard employee protective conditions. UP shall: (1) notify the National Geodetic Survey (NGS) 90 days prior to salvage activities in order to plan the relocation of the geodetic markers; and (2) contact Control prior to salvage or disposal activities to avoid conflict with activities at the two identified hazardous substance release sites.

# CEQA Documents

## Key for abbreviations of Document Type :

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, September 04, 2001</u></b>			
2001092003	General Plan Amendment Application No. 2001-19 And Rezone Application No. 2001-06 Crows Landing Flea Market Stanislaus County Ceres--Stanislaus Request to amend the General Plan Designation from Agriculture to Planned Development (PD) and rezone from A-2-40 (General Agriculture) to a Planned Development (PD) for the expansion of the Crows Landing Flea Market.	<b>CON</b>	09/18/2001
2001042047	Transfer Station/Materials Recovery Facility of Del Norte County Del Norte Solid Waste Management Authority --Del Norte The existing Crescent City landfill will close when it reaches its permitted capacity as defined by the topography described in the Final Closure and Post Maintenance Plan (Bruce Dees & Associates, 1996). Estimates indicate that it will reach capacity during the summer of 2003, and then is scheduled for final closure. The primary purpose of the proposed transfer station/materials recovery facility project is to provide a replacement facility for the disposal of municipal solid wastes (MSW) and special wastes generated within Del Norte County. The secondary purpose is to provide additional discards management services that will help the Authority implement the programs described in the adopted Countywide Integrated Waste Management Plan (1996) and the Del Norte Zero Waste Plan (2000).	<b>EIR</b>	10/18/2001
2001051103	Federal Boulevard Drainage Improvement Project Lemon Grove, City of Lemon Grove--San Diego The area along Federal Boulevard between College Avenue and MacArthur Drives floods during heavy rains. Water, which is north of State route 94, is conveyed under the highway by two 36-inch culverts. This water and water from the local area contributes to the flooding in this area. This flooding is so severe that it requires Federal Boulevard be closed during large storms. The project proposes to improve the storm drain system by constructing 280 feet of 66-inch diameter and 1,120 feet of 60-inch diameter reinforced concrete storm drain along Federal Boulevard in an existing underground sanitary sewer alignment between the storm drain outlets under SR-94 just south of College Avenue to an existing drainage channel at the northeast corner of Central Avenue. The project includes the construction of a headwall, erosion protection wall with security railing, a concrete apron and the placement of 1/4 ton of riprap at the mouth of the existing culvert within the existing drainage channel. This stormdrain project is being coordinated with a street improvement project and a sewer improvement project. The street improvement and sewer improvement project has been issued a Categorical Exemption. The project is located on Federal Boulevard between Central Avenue and College Avenue within the public right-of-way, City of Lemon Grove.	<b>FIN</b>

<b><u>Documents Received on Tuesday, September 04, 2001</u></b>			
2001091003	Del Mar Bluff Stabilization, Project 1 North County Transit District Del Mar--San Diego The proposed project involves drainage improvements associated with the North County Transit District (NCTD) railroad right-of-way in the City of Del Mar in order to improve the seaside bluff stability, which is adjacent to the railroad tracks. The project also includes a slope monitoring system. The proposed subdrainage improvements are intended to be a part of a mid-term maintenance and preservation program (+ 20 years) to mitigate previously identified high-risk areas associated with drainage within NCTD right-of-way along the Del Mar bluffs. Subdrainage improvements include the use of interceptor trench drains and hydro-augers as well as the cleaning and rehabilitation of existing structures. Surface drainage improvements are also proposed within the NCTD right-of-way. Surface drainage improvements would consist of new and improved inlets, outlets, and culverts, as well as new ditches and improvements of existing ditches. The surface drainage improvements would consist of approximately 24 surface drainage projects. Lastly, the project would include the installation of a slope monitoring system. The monitoring system would provide early warning of both surface and subsurface movements along the railroad tracks in the project area.	<b>Neg</b>	10/03/2001
2001091005	General Plan Amendment Case GP-002-012, Zoning Case RZ-004-012, Tract Map 30279, Zoning Case PD-001-012, Zoning Case CU-027-012 Riverside, Planning Department, City of Riverside--Riverside Amend Land use Designation of approximately 13.5 vacant acres. Subdivide the 13.5 acres into 5 lots for residential and commercial uses. Develop an 181 unit planned residential development with 97 one bedroom units and 84 two bedroom units, together with parking and common open space on approximately 7.2 acres. Construct a 425 space parking lot for future use of the Riverside County Transportation Commission, a gasoline station with car wash, a possible fast food restaurant with drive-thru and retail shops on approximately 6.3 acres.	<b>Neg</b>	10/03/2001
2001091006	Mission Trails Regional Park-Multi Use Staging Area San Diego, City of San Diego--San Diego Development of 12-acre multi-use staging area to improve access to park trails. Proposal includes 5,000 sf park facility building, horse corals, 15-space horse trailer parking area, 49-space vehicle parking area and various day use facilities.	<b>Neg</b>	10/03/2001
2001091007	Gilbertson Grading and Coastal Development Permits Watsonville, City of Watsonville--Santa Cruz Various actions related to the termination of an illegal landfill, restoration and protection of coastal habitat and reuse of property for agricultural purposes.	<b>Neg</b>	10/03/2001
2001091008	Shannon Ranch 1240 Land Exchange Visalia, City of Visalia--Tulare A request by CRS Farming, LLC, to cancel a land conservation contract to facilities development of the 683 acre Shannon Ranch property located on the north side of Riffin Avenue, between Demaree Street and Dinuba Boulevard.	<b>Neg</b>	10/03/2001

	with clean riprap. Work will be completed during the period of no flow at this location. Standing water in the work area will be pumped out and any entrapped fish will be relocated.		
2001098018	<p>Replace Combination Buildings Parks and Recreation, Department of --Tehama</p> <p>Replace three combination restroom/shower buildings at Woodson Bridge State Recreation Area. Existing structures will be demolished. One new structure will be constructed on the same footprint as the existing structure; the other two buildings will be relocated out of the flood plain area. Septic systems servicing the structures will also be replaced; one test pit (approximately 10 feet deep) will be dug prior to actual construction to confirm soil suitability, per County Environmental Health requirements. One propane tank will be relocated and two new tanks installed, with protective fencing. Approximately 500 feet of utility trenches will be required for underground water, power, and propane. An archaeologist will monitor all subsurface excavations.</p>	<b>NOE</b>	
2001098019	<p>Install Standby Generator for Emergency Response Parks and Recreation, Department of --El Dorado</p> <p>Install an LP-fueled standby generator to supply emergency power for the Sierra District office. A small, concrete pad will be constructed to house the unit. In-ground conduit and piping will be installed to connect the generator to the existing propane supply and electrical junction box. All work will be conducted in a previously disturbed, heavily impacted area. Generator operation will comply with applicable federal and California ambient air quality and emissions standards.</p>	<b>NOE</b>	
2001098020	<p>Coldstream Watershed Road and Trail Improvements Parks and Recreation, Department of --Nevada</p> <p>Repair, remove, and reconstruct selected existing roads, parking areas, and trails in Donner Memorial State Park as necessary to decrease erosion and other environmental damage, restore natural drainage patterns, and improve recreational and maintenance access. Roads needed for recreation or railroad right-of-way will be recontoured to provide better drainage and repair washouts; minor regrading and outsloping will also be used. Small segments will be rerouted to improve drainage or protect environmentally sensitive areas. Debris from road will also be removed from adjacent streambeds to restore flow and reduce erosion. Areas where roads or trails are removed will be recontoured to match surrounding topography and revegetated with native species and mulch. Three existing parking lots will be regraded and rocked; signage will also be installed. Work will be primarily confined to existing footprints and adjacent, previously disturbed areas. A DPR archeologist has evaluated the sites and will monitor ground-disturbing activities in potentially sensitive areas.</p>	<b>NOE</b>	
2001098021	<p>Museum Heating System Replacement- Archaeological Testing Parks and Recreation, Department of --Nevada</p> <p>Conduct test excavations in the vicinity of the Donner Museum at Donner Memorial State Park to determine if historically significant archaeological features and/or</p>	<b>NOE</b>

	artifacts are present in an area proposed for excavation, in conjunction with construction of a geothermal heating system. Excavation will be conducted by a DPR archaeologist.		
2001098022	North Bloomfield Trail Rehabilitation- Bridge Replacement Parks and Recreation, Department of --Nevada Replace existing bridge where North Bloomfield Trail intersects the Blair Trail and reconstruct bridge at the northern most upper trail crossing at Malakoff Diggins State Historic Park. All identified historic features and artifacts adjacent to the southern most footbridge will be avoided and left in place undisturbed. Bridge construction will conform to DPR trail requirements, be constructed of cedar with no pressure-treated or painted materials, and compatible with the historic nature of the park.	<b>NOE</b>	
2001098023	Empire Mine Yard Repair and ADA Access Parks and Recreation, Department of --Nevada Replace existing gravel surface in the Mine Yard at the Empire Mine State Historic Park to provide an even walking surface and improved ADA access. Existing path and roadway alignment will be maintained. Finished surface will retain historic yard elevation. Regrading for ADA access will only occur immediately adjacent to entrance of structures. No historic or character defining spaces, features, or buildings will be altered. Penstock and piping systems beneath surface of mine yard will be traced and documented prior to commencement of work, avoided by heavy equipment or compacting devices. Segments of ore cart rail will not be disturbed or buried. New gravel will match, as much as possible, the crushed ore that originally came from the mine.	<b>NOE</b>	
2001098024	Fire Road Bridge Replacement Parks and Recreation, Department of --Contra Costa Remove existing cribwall supporting a section of Deer Flat Road in Mount Diablo Park and replace with engineering reinforced fill. Existing wooden poles supporting crib wall are rotten and present a safety hazard if not replaced. Disturbed areas will be revegetated with native plant species as necessary.	<b>NOE</b>	
2001098025	Historic Structures Report-Stevenson House Parks and Recreation, Department of --Monterey Investigate and document the historic Stevenson House at Monterey State Historic Park. Make recommendations on preservation and management of the site. Prepare an Historic Structures Report for House and surrounding landscape.	<b>NOE</b>	
2001098026	Archeological Site Assessment Parks and Recreation, Department of --Monterey Evaluate the condition of prehistoric landscape at Limekiln State Park. Identify significant features and sites. Develop recommendations for stabilization and maintenance of sites that are subject to erosion and human disturbance, site management, and preservation of historic structures. No ground-disturbing activities are expected from this project.	<b>NOE</b>

<b><u>Documents Received on Thursday, September 06, 2001</u></b>			
2001091019	Sewer and Water Group 684A San Diego, City of San Diego--San Diego Proposal consists of improved public roadways as well as disturbed undeveloped land.	<b>Neg</b>	10/05/2001
2001092017	Old Oaks Estates Water Line Fremont, City of Fremont--Alameda Installation of a 12-inch diameter water line underground to serve four future homes (Parcel Map 6279 was approved in 1992). Trench would be 9 feet wide, and 738 feet long.	<b>Neg</b>	10/05/2001
2001092019	Office/Retail Building Menlo Park, City of Menlo Park--San Mateo The applicant is proposing to construct a new 10,481 square foot mixed-use office/retail building on a vacant lot located at 145 El Camino Real. The project site is bounded by El Camino Real on the east, Cambridge Avenue on the north, and Alto Lane on the west. The proposed building is two-stories with 7,981 square feet of the project proposed to be general office and 2,500 square feet proposed to be retail space. The project includes a 19,261 square foot basement provided for underground parking for a total building area of 29,742 square feet. The underground parking would accommodate 47 parking spaces. In addition, 21 parking spaces are provided at grade, for a total of 68 parking spaces. The project site will have access via one right-turn only driveway on El Camino Real and full access driveways on Cambridge Avenue and Alto Lane. Access to the underground parking area will be provided via a ramp with access to Alto Lane. The proposed project requires approval of a use permit and architectural control from the Planning Commission. In addition, the project requires review and approval of a Below Market Rate (BMR) housing program by the Housing Commission and the Planning Commission.	<b>Neg</b>	10/05/2001
2001092020	Saca Parcel Map and Special Development Permit Elk Grove, City of Elk Grove--Sacramento Tentative Parcel Map for three (3) lots, plus Special Development Permit to increase density by 50%.	<b>Neg</b>	10/05/2001

<b><u>Documents Received on Thursday, September 06, 2001</u></b>			
1988070516	Crossroads Industrial Park SEIR Lathrop, City of Lathrop--San Joaquin The City of Lathrop has negotiated an amended development agreement AEW/Catlin Properties (Crossroads CREA) that includes a number of related actions regarding infrastructure. The most significant infrastructure project is the Phase 1 Remediation Project for Water Recycling Plant No. 1. The remediation project would replace the existing evaporation/percolation pond system that is not currently functioning to design capacity. Under the project proposal, the existing ponds would be converted into 68.9 acre-feet of lined storage ponds. In addition, a new 52.0 acre-feet lined storage pond would also be constructed. The secondary (and eventually tertiary) treated effluent would be stored in these ponds and then used for agricultural irrigation of a fodder crop (such as alfalfa) on an adjacent 43.8 acres of vacant industrial land owned by AEW/Crossroads.	<b>NOD</b>	
2000062099	Metromedia FNS Application to Modify its CPCN for the San Francisco Bay Area and Los Angeles Basin Network Public Utilities Commission --San Francisco, Los Angeles CDFG is intending to execute a Lake and Streambed Alteration Agreement pursuant to section 1603 (SAA #R5-2001-0148;R5-2001-0149) of the Fish and Game Code to the project applicant, Metromedia Fiber Network Services. The applicant proposes to impact streams for the purpose of building fiber optics networks optimized for internet technology, consisting of data traffic loops in Los Angeles and Orange Counties. At the San Diego Creek location, work will consist of a single directional bore. At the Eaton Canyon Reservoir location, work will consist of a series of directional bores. While the anticipated work may not result in substantial impacts to riparian resources, the Department has found that the directional bore process may result unpredictably in the discharge of bentonite clay into the stream by uncontrollable discharges through fissures and fractures (frac-out) in the stream channel substrate.	<b>NOD</b>	
2000091046	Los Angeles Sports and Entertainment District Los Angeles, City of Los Angeles, City of--Los Angeles Specific Plan, Development Agreement, Zone Change, Zone Code Amendment, General Plan Amendment, and amendment to Disposition and Development Agreement related to a mixed-use development comprised of approximately 4,000,000 square feet, including such uses as hotel, residential, retail, entertainment, restaurant, convention center expansion, live theater, cinema and office on property generally bounded by Olympic Boulevard to the north, Cherry Street to the west, 11th street to the south, and Figueroa Street to the east, and property generally bounded by 1st Street to the north.	<b>NOD</b>	
2000101036	Regulations for Concentrations of Arsenic, Cadmium, and Lead in Inorganic Commercial Fertilizers Food and Agriculture, Department of -- Regulations to impose limitations on the maximum allowable concentrations of the metals Arsenic, Cadmium, and Lead in Inorganic Commercial Fertilizers.	<b>NOD</b>

2001022001	<p>S &amp; W Warehousing LLC - File # DRH 99-0035 Sonoma County Permit and Resource Management Department Sonoma--Sonoma</p> <p>The operator proposes to install a 10 inch gravity fed public sewer main from the Sonoma Valley County Sanitation District treatment plant, within the public right of way of Eighth Street East, to a point south of the Northwestern Pacific Railroad spur line. The operator will trench across Schell Creek using a backhoe or excavator. All trenching will be done from the top of bank when feasible. A small 6 foot backhoe will be allowed to enter the dry creekbed to trench a small section inaccessible from the bank. The pipeline will pass beneath Schell Creek and be fully encased in 6 inches of concrete for protection and to prevent undercutting of the pipe. Cement bags and large rock riprap will be removed from the south bank to complete the trenching. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number R3-2001-0655 pursuant to section 1603 of the Fish and Game Code to the project operator, Bob Smalley.</p>	<b>NOD</b>	
2001041010	<p>Blackwell Grading and Design Review Permit Encinitas, City of Encinitas--San Diego</p> <p>Proposed remedial grading plan for a future single family residence.</p>	<b>NOD</b>	
2001041113	<p>Wiegand Grading Plan Encinitas, City of Encinitas--San Diego</p> <p>Proposed remedial grading plan on existing residential lots (2) within the Hillside/Inland Bluff Overlay Zone.</p>	<b>NOD</b>	
2001062028	<p>Bradshaw Road Bridge Replacement Sacramento County Dept. of Environmental Review --Sacramento</p> <p>The Sacramento County Public Works Agency is proposing to replace the existing Bradshaw Road bridge at Morrison Creek. The proposed bridge would be a reinforced concrete structure approximately 93 feet (ft.), 6 inches (in.) long and 71 ft., 6 in. wide supported on open column bents with type 25 modified railing on both sides, constructed at the existing 45 degree skew. The new bridge will be approximately 25 ft. wider to the west and approximately 11 ft. wider to the east. It will accommodate four 11-ft. wide lanes, a 12-ft. center median and 5 ft. wide shoulders. Due to finding constraints and existing traffic volumes, the bridge is not being widened to its ultimate six lane width at this time. When the time comes to widen to six lanes, the newer bridge will be easily expandable. Construction would extend approximately 250 ft north and south of the bridge to conform with the existing pavement widths. Three utilities would be subject to modification within the project limits: overhead electrical and telephone services and an underground high-pressure gas line. Right of way acquisition will be required at five parcels. Permanent right of way will consist of 2,354 sq. ft. while temporary construction easements will require 7,935 sq. ft.. Channel work would be confined to that necessary to remove the existing bridge and construct the new bridge. No upstream or downstream work is proposed. During construction, stream flows would be bypassed around the work site by temporary piping. All in-stream work is proposed to be done in conformance with California Department of Fish and</p>	<b>NOD</b>

The water from the contract assignment will supplement WWD's current CVP supplies and will be used to help reduce water supply deficits and provide greater flexibility in water deliveries.	<b>EA</b>	10/08/2001
2001051110	Historic Preservation Program Carmel-by-the-Sea, City of --Monterey Adoption of a new historic preservation program including an Intense Survey, General Plan Element, Ordinance and amendments to a Historic Context Statement. The program would identify resources and establish policies, regulations and procedures.	<b>EIR</b>	10/22/2001
2001051120	Amendments to SBCAPCD Rule 323 (Architectural Coatings) Santa Barbara County Air Pollution Control District --Santa Barbara The existing Rule 323 was last revised in July 1996. Major changes being proposed for Rule 323 include raising the ROG limits for some coating categories because there are currently no complying coatings available on the market; lowering the ROG limit for some coating categories; adding container labeling requirements specific to selected coating categories; specifying allowable thinning practices and a short-term averaging compliance option for specified coatings. All these changes are included in CARB's Suggested Control Measure for architectural coatings. The implementation of Rule 323 will overall, reduce emissions of one of the ozone precursors, reactive organic compounds (ROG) in our county.	<b>EIR</b>	10/22/2001
2001062043	Delta Center at Mountain House San Joaquin Delta Community College District Tracy--San Joaquin Construction of college campus that will house a total of 12,000 students and 532 faculty and staff at buildout. The college would be developed in four phases over a 25-year period and would contain a total of 557,000 square feet. The project would be located in the Mountain House Community; a mixed-use community located about 3.5 miles west of Tracy.	<b>EIR</b>	10/22/2001

2001092027	West Avenue Improvements Project Santa Rosa, City of Santa Rosa--Sonoma The project involves widening West Avenue, adding sidewalks on the east side of the street, and replacing the existing sewer line to bring it up to code.	<b>JD</b>	10/08/2001
2001091020	Tentative Tract Map No. 5266; CDP# (P2 00-5-85) Oxnard, City of Oxnard--Ventura The project site is a 135.3 acre parcel located within the existing Mandalay Bay Specific Plan area. The proposed project implements the balance of development allowed by the Specific Plan. The project will contain a water-oriented residential development along with waterfront visitor-serving commercial mixed use and a public marina component.	<b>NOP</b>	10/08/2001
2001092028	Woodland Star Mammoth Lakes, City of --Mono 1) A zoning code amendment to permit increased densities and heights in the RMF-2 zone for qualifying rental apartment projects. Total density increase for qualifying projects would be 138% (from 12 units per acre to 28.5 units per acre) and maximum height increase for qualifying projects would be from the current 35 feet above understructure parking to 54 feet above understructure parking; and 2) A 152 unit apartment building on 3.22 acres on the northwest corner of Joaquin Road and Meridian Boulevard. The proposed structure is four stories above an understructure parking facility with a height of 54 feet as measured from the ceiling of the parking structure.	<b>NOP</b>	10/08/2001
2001092034	State Route 70 Freeway Extension and Ophir Road Interchange Caltrans Oroville--Butte Extension of existing State Route 70 freeway southwest 4.8 kilometers, upgrading the existing two-lane expressway. The project begins 1.6 kilometers north of Palermo Road and ends at the existing freeway 0.5 kilometers south of the State Route 162 Junction. The project includes an interchange at Ophir Road and an overcrossing at Georgia Pacific Way.	<b>NOP</b>	10/08/2001
2001092035	Eureka-Arcata Corridor Improvements Caltrans #1 Eureka, Arcata--Humboldt 1. Construct an interchange at Route 101 and Indianola Road; 2. Within existing expressway segments, all median crossings would be closed; 3. All existing at-grade access would be restricted to right-turn on/off movements only; 4. Acceleration and deceleration lanes would be lengthened at all access locations if needed; 5. The median width could be reduced.	<b>NOP</b>	10/08/2001

2001092040	Dixon Pond A and Outfall Improvement Project Dixon, City of Dixon--Solano Development of activities and revisions to the City of Dixon General Plan in 1993 has prompted the need to provide additional drainage infrastructure in the City of Dixon. The project consists of expanding the capacity of the existing Pond A and constructing outfall improvements along the existing Lateral 1.	<b>NOP</b>	10/11/2001
1990010153	Burbank Water Reclamation Plant Expansion Burbank, City of Glendale--Los Angeles The existing Burbank Water Reclamation Plant (BWRP) is operated to remove conventional pollutants, such as biochemical oxygen demand (BOD), and is not specifically sized or configured to remove nutrients. The primary objective of upgrading the BWRP is to reduce the discharge of nutrients, enabling the facility to meet new effluent standards issued by the Los Angeles Regional Water Quality Control Board (RWQCB) commencing June 2002. Nutrient limits are being established through the total maximum daily load (TMDL) assessment of water quality needs. The pollutants of immediate concern to the BWRP is to incorporate natural biological processes (nitrification and denitrification) that will allow near-term standards to be met by modifying existing units rather than construction of new facilities. The second objective of the BWRP upgrade is to increase automation throughout the plant. Planned improvements would provide the necessary control equipment to meet this goal. The third and final objective is to increase safety and plant reliability by replacing old equipment with updated machinery, converting from gaseous chlorine to liquid sodium hypochlorite, and providing the necessary safety and precautionary equipment.	<b>Neg</b>	10/08/2001
2000092023	Penfold, Bay Street Apartments, Phase Two (DCP-06-01) Eureka, City of Eureka--Humboldt The applicant is requesting a coastal development for Phase Two of an apartment complex. Phase Two will involve the removal of the existing one-story wood frame shed, the development of a six-unit two-story apartment building and a six-car parking lot, drainage improvements and natural resource protection measures. On November 7, 2000, the city council of the City of Eureka adopted a Mitigated Negative Declaration and approved a coastal development permit for Phase One of the apartment complex (CDP-04-00). As described in the staff report and the Mitigated Negative Declaration for Phase One, the potential environmental impacts for Phase Two will be considered cumulative to Phase One. This initial study tiers off of the adopted mitigated negative declaration (SCH # 2000092023).	<b>Neg</b>	10/08/2001
2001091021	Salinas Pipeline at Trout Creek Repair Project; ED00-581 (C000065E/P155131) San Luis Obispo County --San Luis Obispo The County of San Luis Obispo is proposing to repair bank erosion on Trout Creek in order to protect an exposed section of the Salinas Pipeline. The project involves the placement of vegetated rock rip rap along the creek bank, selective trimming of willows blocking the creek channel, and redirection of the low flow channel away from the eroded creek bank. The project is located on Trout Creek within the boundaries of the Santa Margarita Ranch, approximately 1.5 miles	<b>Neg</b>	10/08/2001

2001092023	Distribution Company Remedial Action Plan Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa Eureka--Humboldt The Remedial Action Plan calls for active air sparging and biosparging of petroleum contaminants and volatile organic compounds in soils and groundwater, weekly removal of separate phase gasoline and diesel, followed by natural attenuation of low levels of dissolved petroleum hydrocarbons and volatile organics. A deed restriction will be filed with the County Assessor's Office that will require removal of contaminated soils prior to site development activities. Future construction of development activity onsite will be limited so as to avoid any possible negative impacts on human health. A groundwater monitoring program will be imposed that will provide documentation of continuing remediation of the contaminated groundwater for the next 15 years and to ensure that contamination migration to Humboldt Bay does not occur. Investigations to determine the extent of contamination have documented that the contaminants are not reaching Humboldt Bay.	<b>Neg</b>	10/08/2001
2001092024	South Yreka Fire Protection District/Cingular Wireless, LLC Siskiyou County Planning Department Yreka--Siskiyou The applicants request approval for a Use Permit to construct and operate an unstaffed cellular transmission site with facilities to include a 85-foot high monopole antenna support structure supporting up to six sectors of flush-mounted, non-reflective panel antennas (each 66 inches high x 8.7 inches wide x 2.8 inches deep). The project also includes construction of an equipment shelter (4 feet, 5.125 inches wide x 3 feet, 10.5 inches long x 6 feet, 1 inch tall).	<b>Neg</b>	10/08/2001

<b><u>Documents Received on Friday, September 07, 2001</u></b>			
2001092029	New Elementary School Site No. 4- Expansion Project (Former Dewey Alternative School Site) Oakland Unified School District Oakland--Alameda Expansion of an exisiting elementary school site from 0.73 acres to 2.1 acres, requiring a street closure, property acquisition, demolition of existing buildings, and new construction.	<b>Neg</b>	10/08/2001
2001092030	Jim Nelson and Rene Agredano (HPO-05-01) Eureka, City of Eureka--Humboldt The applicants propose to demolish the existing detached three-car garage constructed c. 1930. The subject property is listed on the City of Eureka's Local Register of Historic Places.	<b>Neg</b>	10/08/2001
2001092031	Kurt Kramer (CDP-09-00) Eureka, City of Eureka--Humboldt The applicant is requesting approval for the City of Eureka's Historic Preservation Commission and approval of a coastal development permit for several phases of a project involving three historic buildings as the southwest corner of 2nd and "H" Streets. The addresses of the three buildings are 622, 626 and 630-638 2nd Street. The phases include the following, which may not occur in this order: 1) Demolish the rear of the corner building (630-638 2nd Street), leaving only the front 22 feet; 2) Renovate and rehabilitate the front and rear facade of all three buildings; 3) Rehabilitate the interior of the three buildings into a combination of commercial space on the ground floor and residential space above the ground floor; and 4) Construct a private parking lot between the three buildings and the alley to the south. It is important to note that two of the three buildings included in the project were significantly damaged as a result of a fire that occurred on June 8, 2001. Due to the extensive fire damage to the rear of 622 and 626 2nd Street, the applicant, by order of the City, demolished the fire-damaged area of these buildings, leaving only the front portions of the buildings.	<b>Neg</b>	10/08/2001

The project area totals approximately 1-2 acres and is located near the northern terminus of Villa Lane and western terminus of Garfield Lane within the City of Napa. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement Number R3-2001-0651 pursuant to section 1603 of the Fish and Game Code to the project operator, Dean Mills/O'Brien Group.	<b>NOD</b>	
2001099005	Streambed Alteration Agreement R3-2001-0665 Forestry and Fire Protection, Department of --Sonoma The applicant proposes to draft water from the East Branch Russian Gulch, a fish bearing stream, for watering roads associated with Timber Harvest Plan #1-00-040-SON and for road repair and dust abatement during log hauling. The total volume needed will be approximately 20,000 gallons per week during operations on the THP. Water drafting will be at the rate of 200 gallons per minute. Water will be drafted from a sump hole dug in the alluvial flat adjacent to the watercourse. The California Department of Fish and Game (DFG) is executing a Lake and Streambed Alteration Agreement 2001-0665, pursuant to section 1603 of the Fish and Game Code to the project applicant, Mr. Henry Alden, Sonoma Coast Associates.	<b>NOD</b>	
2001099026	County File MS 104-89 Fish & Game #3 --Contra Costa SAA #R3-2001-0545. As part of the development of a 1.6 acre parcel into a single family home site, the operator proposes to install a 3.5 foot arch culvert over an unnamed tributary to San Ramon Creek at 1710 B Las Trampas Road in Alamo, Contra Costa County. The culvert will be set on pier footings, approximately 5 feet away from the center of the low flow channel.	<b>NOD</b>	
2001099027	Vaca Valley Business Park - Southern Phase Vacaville, City of Vacaville--Solano The California Department of Fish and Game is executing a Lake or Streambed Alteration Agreement number R2-438-00 pursuant to Section 1603 of the Fish and Game Code to the project applicant, Robert Jones representing Creegan & D'Angelo. This agreement pertains to the construction of two permanent culvert crossings (conspan bridges with open bottom wingwall footings) over North Horse Creek at Akerly and Grassland Drive. In addition, the project will fill in an unnamed drainage near the Akerly crossing, approximately 5 feet wide and 20 feet long, and a drainage running parallel to and on the southeast side of Grasslands Drive. The project includes a sanitary sewer line and four storm drain outfalls on North Horse Creek.	<b>NOD</b>

<b><u>Documents Received on Friday, September 07, 2001</u></b>			
2001098040	Water Line Installation for Mooretown Rancheria Fish & Game #2 --Butte Install water line under Wetland and Wyman Ravine using horizontal directional drilling.	<b>NOE</b>	
2001098041	Install Streamflow Gaging Stations at Garzas Creek and Below Los Padres Dam Fish & Game #3 Carmel--Monterey At both sites above, pressure transducer/data recorder systems will be used to measure and log stream stage. The stage information will then be used to calculate the quantity of streamflow that flows past the gaging location. The information will be used to better manage and protect the water resources within the Carmel River Basin. Issuance of a Streambed Alteration Agreement Number R3-2001-0535 pursuant to Fish and Game Code Section 1601.	<b>NOE</b>	
2001098042	Culvert Repair Fish & Game #3 --Mendocino The work will take place in a culvert on John Hiatt Creek, tributary to Beebe Creek thence Navarro Creek. John Hiatt Creek is seasonal and is usually dry in the summer. However, this portion of the creek is spring fed and there may be some water present during construction. The purpose of the project is to repair an existing 66 inch culvert that is severely perforated at its bottom. This situation is a potential hazard to aquatic life and the culvert could fail filling with road fill and damming the stream. The proposed work consists of pumping cement from trucks on the roadway through a 3 inch hose into the bottom of the culvert to a depth of 4 inches filling in all perforations. A total of approximately 17 cu. yds. of concrete will be pumped. If there is any water present in the culvert prior to the start of work, the culvert will be dewatered upstream of the culvert using hay bales and plastic, approximately 1 foot high, placed approximately 10 feet upstream of the culvert intake, to form a dam. The impounded water will then be diverted into a hose and released below the outlet of the culvert. The hose will be screened to preclude aquatic organisms from being forced through the diversion. Issuance of a Streambed Alteration Agreement Number R3-2001-0372 pursuant to Fish and Game Code Section 1601.	<b>NOE</b>	
2001098043	San Francisquito Creek Steelhead Passage Improvement Fish & Game #3 Woodside--San Mateo The project site includes a full-span (27 feet) concrete and rock dam anchored to bedrock banks. This project will: 1) Lower water level to 3 feet below existing dam notch with screened siphon and/or pump. 2) A 5-foot-wide by 2.5-foot-deep notch will be cut into the existing notch with a concrete saw and jackhammer. 3) Smooth edges of newly cut notch with a grinder. 4) Restore flow to pre-project condition.	<b>NOE</b>	
2001098044	Retaining Wall Repair Fish & Game #3 Scotts Valley--Santa Cruz The project will repair an existing retaining wall by excavating 50 lineal feet of the stream bottom along the existing retaining wall. Concrete will be poured into temporary forms and sealed. Issuance of a Streambed Alteration Agreement	<b>NOE</b>

	Number R3-2000-1264 pursuant to Fish and Game Code Section 1603.		
2001098045	Arch Culvert Installation and Bank Stabilization Project Fish & Game #3 Sonoma--Sonoma UCC Vineyard Group proposes to construct a crossing of Champlin Creek off Stage Gulch Road (Highway 116) near Sonoma, in Sonoma County. The crossing will use a 46-foot long, 14-foot wide Conspan bottomless arch and will include rock slope protection for about 50 feet immediately downstream of the culvert where the stream makes a sharp bend which is currently experiencing substantial erosion. Champlin Creek is a deeply incised seasonal stream with eroding banks and little riparian vegetation. No steelhead trout (Federally Threatened) have been documented in the creek, but there are a few perennial pools in upstream areas which could support a small number of juvenile steelhead in some years. Champlin Creek is within the range of the California red-legged frog (Federally Threatened), but recent surveys conducted for this project found no frogs and no breeding or summer aestivation habitat in the project area. Recent plant surveys found no special status plants in the project area. Issuance of a Streambed Alteration Agreement Number R3-2001-0347 pursuant to Fish and Game Code Section 1603.	<b>NOE</b>	
2001098046	Middle Creek Bank Stabilization Fish & Game #3 --Lake In-stream restoration will include rip rap for bank stabilization, use of bioengineering techniques, and armoring of culvert inlets and outlets. Issuance of a Streambed Alteration Agreement Number R3-2000-1227 pursuant to Fish and Game Code Section 1603.	<b>NOE</b>	
2001098047	Natural History Museum Exhibit Rehabilitation Parks and Recreation, Department of Morro Bay--San Luis Obispo Develop, construct and install new museum exhibits within the Museum of Natural History. There will be approximately 2800 square feet of permanent exhibits and 700 square feet for temporary exhibits or special events.	<b>NOE</b>	
2001098101	Rice Canyon Pipeline Replacement Fish & Game #5 Chula Vista--San Diego The operator proposes to replace an exiting 19-inch diameter welded steel pipe (WSP) with a 24-inch diameter WSP. The majority of the pipeline will be located in paved roads between Hilltop Drive and Carvalos Drive in the City of Chula Vista. A portion of the pipeline will be located in unpaved easements from the City of Chula Vista, and approximately 700 linear feet of the proposed alignment is adjacent to an intermittent drainage. Runoff from this drainage is discharged scrub (0.09 ac) and non-native vegetation. Prior to construction, the drainage will be fenced to preclude any impacts to jurisdictional waters of the State and resources therein. A biological monitor will be retained to monitor grading activities. If impacts to jurisdictional area occur, they will be mitigated and reported as set forth in the project 1601 Streambed Alteration Agreement (SAA #R5-2001-0088). Previous emergency grading, without proper notification	<b>NOE</b>

	overhangs over the fueling and service area and the relocated chassis wash, upgrade the diesel fueling equipment's security system, upgrade utility connections, and provide additional landscaping along the expanded facility's western and southern sides.		
2001099009	Streambed Alteration Agreement 2001-0464 Forestry and Fire Protection, Department of --Mendocino The applicant proposes the following three proposed projects, that have the potential to substantially divert or obstruct the natural flow or substantially change the streambed, channel, or bank of a watercourse, involve: (1) replacement of two culverts on a Class II perennial watercourse; and (2) drafting from a permanent water storage tank (adjacent to the haul road) that collects water from a nearby Class II watercourse. All projects are associated with the Timber Harvest Plan THP 1-01-172 MEN, Scudder Gulch, located in the DeHaven Creek drainage, Mendocino County. The property owner is Hawthorne Timber Company, LLC (HTC) Fort Bragg, California.	<b>NOD</b>	
2001099011	Agreement Regarding Construction of Fiber Optics Project in Santa Clara County (Notification #R3-2001-0478 Bore A and B) Fish & Game #3 --Santa Clara The project involves the installation of underground fiber optics cable. The agreement authorizes the applicant to proceed with those parts of the project that will impact and rivers and streams along the cable route within the Department's jurisdiction. This notice applies only to the Department's issuance of the agreement, and not to the construction of the fiber optics project as a whole.	<b>NOD</b>	
2001099012	Streambed Alteration Agreement R3-2001-0465 Fish & Game #3 --Mendocino The applicant proposes the following four (4) proposed projects, that have the potential to substantially divert or obstruct the natural flow or substantially change the stream bed, channel, or bank of a watercourse. These projects involve: 1) installation of a rock armored ford over a newly installed culvert in a Class II watercourse (tributary to Smith Creek); 2) road-side ditch clean-out and rock armor augmentation of culvert out fall for one spring (and tributary to Mill Creek) that is adjacent to a seasonal haul road; 3) remove one abandoned haul road culvert out-fall for one spring (and tributary to Mill Creek) and restore bed, bank and channel; and 4) add six root wads to Mill Creek to improve channel morphology and spawning and rearing habitat. Timber Harvest Plan THP 1-01-168 MEN.	<b>NOD</b>	
2001098103	Pio Pico SHP-Rehabilitation Phase 2 Parks and Recreation, Department of --Los Angeles Project consists of the reconstruction of several historic 19th century landscape features; the construction of operational facilities including a new staff office building, a maintenance building and a restroom; and the demolition of three park-built structures.	<b>NOE</b>

2001098143	Minor Subdivision 855-2000 Fish & Game #3 Danville--Contra Costa As part of the development of a 2.2 acre site into two single family parcels, the operator proposes to install a 12 inch outfall pipe on the west bank of Sycamore Creek at 3656 Old Blackhawk Road in Danville, Contra Costa County. The outfall pipe will be discharged onto existing riprap under the bridge. This outfall will convey water from parcel A, and the driveways of parcel B.	<b>NOE</b>	
2001098144	Wildcat Creek Basin 2001 Silt Removal Fish & Game #3 Richmond--Contra Costa In order to prevent sediments from traveling downstream and to prevent potential flooding of nearby residents, the Operator proposes to remove approximately 13,200 cubic yards of sediment (4-5 feet) from the Wildcat Creek sediment basin. The sedimentation basin is located behind Verde School just upstream of 7th Street in Richmond, Contra Costa County.	<b>NOE</b>	
2001098145	Manhole Removal-Whispering Pines Drive Fish & Game #3 Scotts Valley--Santa Cruz The project is for the removal of an existing manhole located along Whispering Pines Drive. The existing manhole is obstructing the flow of the drainage ditch to the entrance of the culvert under Whispering Pines Drive, which has created a flood hazard. The pipe running across the creek bed is acting as a dam backing up silt and debris and causing flood problems.	<b>NOE</b>

<b><u>Documents Received on Wednesday, September 12, 2001</u></b>			
2000032035	Cities of Fairfield, Benicia and Vacaville Water Rights Appropriation Project Fairfield, City of Fairfield, Benicia, Vacaville--Solano Applications filed with the SWRCB by the Cities of Fairfield, Vacaville and Benicia (Cities) would enable the Cities to obtain appropriate water rights for diverting and using currently unappropriated surface waters of the Delta plus water now appropriated to the SWP or CVP, pursuant to Water Code Section 11460, et seq. Proposed diversions would in total be up to 31,620 acre feet per year.	<b>EIR</b>	10/26/2001
2001021058	Noble Creek Vistas Specific Plan Beaumont, City of Beaumont--Riverside Construction of a maximum of 965 single-family residential units within a 332-acre Specific Plan area.	<b>EIR</b>	10/26/2001
2001071002	Removal Action at Sites 24 and 25, Vandenberg Air Force Base, California Toxic Substances Control, Department of Lompoc--Santa Barbara The proposed removal action consists of removal of hydrocarbon, solvent, pesticide, and metals contaminated sump and soil at Site 24, and removal of high levels of metals in surface and subsurface soils from sandblast grit. The excavated area will be backfilled with clean fill material and seeded with natural grasses.	<b>FIN</b>	
1986111234	Simi Valley Landfill and Recycling Center (Conditional Use Permit 3142) Ventura County Simi Valley--Ventura The current request by the landfill is to expand the project beyond the 1988 limits. This modification would expand the site capacity by 15.3 million cubic yards of refuse (29.6 million tons total), the refuse column footprint by 60.6 acres (185.6 acres total) and modify the permit boundary. The site life would be extended an additional 30 years to 2034 (or as determined by the Board of Supervisor's approval). No changes to the daily refuse tonnage limits or operational limits are proposed, although increases in daily traffic over existing volumes are proposed. The permit boundary modification would swap land with the adjacent land owner (UNOCAL Corp.), resulting in changes in the boundary line and a net increase of 21 acres in the size of the permit area (295 acres total).	<b>NOP</b>	10/11/2001
2001091039	New Elementary School Lynwood Unified School District Pasadena--Los Angeles Lynwood Unified School District proposes to construct a new elementary school for approximately 710 students on an approximately 4.2 acre site in the City of Lynwood. The existing Lynwood schools are at or exceeding capacity, and anticipated population increases will increase enrollment demand further. The proposed school would relieve overcrowding at the existing elementary schools by permitting transfer of currently-enrolled students to the new location and accommodating future enrollment demand from anticipated new residents. No immediate overall increase in District enrollment is projected as a result of the proposed project. Construction would include approximately 51,730 gross square feet of classrooms, multipurpose room/stage/lunch area, administrative and support space, plus 84,467 gross square feet of hardcourt and playing fields and	<b>NOP</b>	10/11/2001

	39,555 square feet of landscaping/open space. Approximately 65 parking spaces would be provided in a surface lot. The District proposes to acquire vacant commercial buildings, vacant lots, and 19 residential buildings/single family homes located on the site.		
2001091040	Ventura Beach Promenade Restoration San Buenaventura, City of Ventura--Ventura Repair and replace damaged and deteriorated portions of the existing promenade.	<b>Neg</b>	10/11/2001
2001091041	Adoption of Regulations for "Floating Buildings" on Big Bear Lake Big Bear Municipal Utility District Big Bear Lake--San Bernardino Adoption of regulations for "Floating Buildings" on Big Bear Lake.	<b>Neg</b>	10/11/2001
2001091042	Concourse Park Lake Forest, City of --Orange The proposed project includes the development of a neighborhood park on approximately 7.7 acres. The upper portion of the proposed park will consist of a large, informal turf play area surrounded by a concrete path and additional neighborhood recreation uses. The lower portion will contain a pedestrian loop trail paved with concrete and augmented with native vegetation.	<b>Neg</b>	10/11/2001
2001091043	Crystal Cove Zone 2 to 4 Booster Pump Station Irvine Ranch Water District Newport Beach--Orange The Crystal Cove development will require a new Coastal Zone 2 to Coastal Zone 4 Emergency Booster Pump Station (BPS). This emergency BPS will provide a back-up water supply for Crystal Cove's upper pressure zones 3 and 4. The water supply for the BPS to Crystal Cove's pressure zones 3 and 4 will be from the Coastal Zone 2 pressure zone. The emergency BPS will feed a 10-inch pipeline in Whaler's Bluff and Reef Point Drive that will convey water to the Crystal Cove's Zone 4. The water will then be pressure reduced through regulating stations to coastal pressure Zone 3.	<b>Neg</b>	10/11/2001
2001091044	Coast Route Bike Path Improvement Project; Project Number 01-987-CDP Carpinteria, City of Carpinteria--Santa Barbara The proposed project will consist of rehabilitating the existing pavement from Carpinteria State Beach to the City limits on Via Real and improving the roadway at three locations to provide a continuous Class II bike route from Carpinteria State Beach to Santa Claus Lane. The three locations will be improved to complete this portion of the coastal bike route.	<b>Neg</b>	10/11/2001

<b><u>Documents Received on Wednesday, September 12, 2001</u></b>			
2001092053	Willow Park Subdivision (EIAQ-3491) Placer County Planning Department Roseville--Placer 76-lot single family residential planned development on 39.3 acres.	<b>Neg</b>	10/11/2001
2001092054	Reconfigure Connectors and Widen Solano I-80 from I-680 Interchange to Route 12 Caltrans #4 Fairfield--Solano Add a lane in each direction on Interstate 80 by widening in the median. Restripe the connectors with I-680 by restriping the existing connectors. Total project length is about 5 kilometers (3 miles).	<b>Neg</b>	10/11/2001
1999072040	Adoption of Sport Fishing Regulations Governing the Take of Inland (Freshwater) Fishes in the State of California Fish & Game HQ -- The project being considered is a proposal to continue the existing inland sport fisheries in the State. The objectives of the project are to maintain healthy populations of all species of freshwater fisheries in the State and to provide public angling opportunities.	<b>Oth</b>	10/26/2001
1996051021	Oceanside-Escondido Rail North County Transit District 100% Design approval for converting a 22-mile freight corridor into a diesel multiple unit passenger rail system.	<b>NOD</b>	
1996091014	Salinas and Arroyo Seco Channel Maintenance Program Monterey County Water Resources Agency The project consists of using heavy equipment to remove sandbars and vegetation from the bed of the Salinas River to protect the banks from high flows. SAA # R3-2001-0319.	<b>NOD</b>	
2000091063	Gano Reservoir and Unit X Pipelines Project Olivenhain Municipal Water District San Diego--San Diego The proposed project involves the construction of potable water storage reservoirs located on a hilltop approximately 2,700 feet south of the terminus of Artesian Trail. The Unit X-1 and Unit X-2 pipelines would deliver water to and convey water from the reservoirs' site. Also, being considered is the potential for cellular antennae to be mounted as "arrays" on three sides of each reservoir. An offsite haul road and five (5) acre fill-site are also included in the project.	<b>NOD</b>	
2000122045	15th Street Bike Trail Project El Dorado County South Lake Tahoe--El Dorado Under the proposed project, the City of South Lake Tahoe would construct an approximately quarter mile-long Class 1 bike path, linking an existing Class 3 bike route that terminates at the intersection of Eloise Avenue and 15th Street in South Lake Tahoe to an existing Class 1 bike trail on National Forest System lands. The project also includes the restoration of existing dirt trails within the project area that are not part of the proposed Class 1 bike trail.	<b>NOD</b>

<b><u>Documents Received on Wednesday, September 12, 2001</u></b>			
2001032104	<p>Main Street at Cottonwood Creek Bridge Replacement Shasta County --Shasta</p> <p>The California Department of Fish and Game is executing a lake and streambed alteration agreement pursuant to section 1601 of the Fish and Game Code to the project applicant, Mr. Tim Bailey representing Shasta County Department of Public Works. The project proposes to replace the existing 1,200 foot long Main Street bridge over Cottonwood Creek in Shasta, and Tehama Counties with a prestressed concrete grinder bridge.</p>	<b>NOD</b>	
2001059046	<p>The Master's College Santa Clarita, City of Santa Clarita--Los Angeles</p> <p>The project involves the construction of a 28,742 square-foot three-story dormitory building and a 24,488 square-foot parking lot on The Master's College campus in the PE (Private Education) zone and the OS (Open Space) zones, respectively. The proposed dormitory building would house 162 students in 81 rooms, with two resident director apartments. The project site is 52,500 square feet or 1.2 acres (building pad 0.64 acre, parking lot 0.56 acre) and is located on a secondary ridgeline.</p>	<b>NOD</b>	
2001071002	<p>Removal Action at Sites 24 and 25, Vandenberg Air Force Base, California Toxic Substances Control, Department of Lompoc--Santa Barbara</p> <p>The proposed removal actions consist of removing an existing concrete sump and 150 cubic yards of impacted soil at Site 24, and the excavation of 185 cubic yards of sandblast grit impacted soil surrounding a water storage tank at Site 25. After the soil has been removed, the excavated area will be sampled to ensure that the contaminated soils have been adequately removed. The excavated areas will then be backfilled with clean fill material and seeded with natural grasses.</p>	<b>NOD</b>	
2001072064	<p>North Shore Property/Banner Island Toxic Substances Control, Department of Stockton--San Joaquin</p> <p>The project involves the excavation and removal of up to 415 cubic yards of soil contaminated with lead, arsenic petroleum hydrocarbons, and polynuclear aromatic hydrocarbons from the site. All contaminated soil excavated from the site will be transported to an approved disposal facility.</p>	<b>NOD</b>	
2001099013	<p>Culvert Replacement and Bank Stabilizations Forestry and Fire Protection, Department of --Mendocino</p> <p>Replacement of existing culverts, repair of old creek crossings, sloping back vertical banks, and armoring of banks to reduce siltation at nine sites on Johnson Creek, Soda Creek, Dark Gulch, and the South Fork of Big River and tributaries, approximately 17 miles west of Ukiah, in Mendocino County. The California Department of Fish and Game (DFG) is executing a Lake and Streambed Alteration Agreement Number R3-2001-0194 pursuant to section 1603 of the Fish and Game Code to the project operator, Craig Blencowe, Consulting Forester.</p>	<b>NOD</b>

<b><u>Documents Received on Wednesday, September 12, 2001</u></b>			
2001099014	Streambed Alteration Agreement R3-2001-0641 Forestry and Fire Protection, Department of --Mendocino The applicant proposes project activity involving water drafting at one pre-existing site from Hollow Tree Creek, a stream known to support anadromous Coho salmon ( <i>Oncorhynchus Kistutch</i> ), chinook ( <i>Oncorhynchus tshawtscha</i> ), and steelhead trout ( <i>Oncorhynchus mykiss</i> ). Hollow Tree Creek is a tributary to the South Fork of the Eel River. Water may be drafted into water trucks for daily timber harvest road watering activities from the stream flow during the early summer and from a sump water hole in the dry gravel bar as the river recedes.	<b>NOD</b>	
2001099015	Streambed Alteration Agreement R3-2001-0640 Forestry and Fire Protection, Department of --Mendocino The applicant proposes project activities involving bed, bank, and/or channel alterations at six stream crossing sites of non-fish bearing watercourses that flow into the South Fork Usal Creek. The timber harvest plan, 1-99-291 MEN, requires replacement of the stream crossings to comply with a Road Maintenance Plan prepared by the former property owner (the North American Timber company).	<b>NOD</b>	
2001099016	Streambed Alteration Agreement R3-2001-0526 Fish & Game #3 --Napa The applicant proposes project activities involving bed, bank, and/or channel alteration at thirteen stream sites and a water drafting at one pre-existing site. site 1 proposes to draft water from the South Fork of the Eel River.	<b>NOD</b>	
2001099017	Streambed Alteration Agreement for Notification #01-0333 Forestry and Fire Protection, Department of --Humboldt The California Department of Fish and Game is executing a lake and streambed alteration agreement pursuant to section 1603 of the Fish and Game Code to the project applicant, Mr. Don Jaunarena. The applicant proposes 12 (twelve) crossings for timber harvesting activities on Howe Creek, Humboldt County.	<b>NOD</b>	
2001099018	Streambed Alteration Agreement for Notification #00-0572 Forestry and Fire Protection, Department of --Humboldt The California Department of Fish and Game is executing a lake and streambed alteration agreement pursuant to Section 1603 of the Fish and Game Code to the project applicant, {Mr. Gerhard E. Larsen representing Simpson Timber Company}. The applicnat proposes installation of 6 crossings for timber harvesting activities (THP#1-00-314HUM) on Unnamed tributaries to Snow Camp Creek, Humboldt County.	<b>NOD</b>	
2001099019	Streambed Alteration Agreement R3-2001-0548 Forestry and Fire Protection, Department of --Santa Cruz The applicant proposes the project which is located on Kings Creek in Santa Cruz County, T8S, R2W, section 31, USGS Castle Rock Ridge 7.5 minute Quadrangle. The project includes installation and subsequent removal of two 18-inch diameter CMP culverts and several cubic yards of clean gravel. It is about eight air miles	<b>NOD</b>

<b><u>Documents Received on Wednesday, September 12, 2001</u></b>			
	northeast of the town of Boulder Creek adjacent to Kings Creek Road. The proposed crossing is about 2.8 miles east of State Highway 9, adjacent to Kings Creek Road. The project is proposed to provide access to the harvest area for THP 1-98-385 SCR to allow completion of operations. Two twenty foot-long culverts will be placed together in the stream channel at the head of a riffle and covered with several yards of gravel to provide a running surface for hauling timber. The California Department of Fish and Game (DFG) is executing a Lake and Streambed Alteration Agreement R3-2001-0548, pursuant to Section 1603 of the Fish and Game Code to the project applicant, Mr. Patrick Emmert.		
2001098155	Blackhawk Geological Hazard Abatement District Bank Stabilization Fish & Game #3 Danville--Contra Costa To prevent continued erosion and protect the adjacent swimming pool, the operator proposes to repair the north bank of West Alamo Creek at 3130 Blackhawk Meadow Dr. in Danville, Contra Costa County. The repair includes drilling approximately 10 soil nails into the bank in an area approximately 25 feet long by 15' high. Each soil nail is approximately 6" in diameter. The entire slide area will be covered with grout and will blend in with the adjacent areas. Approximately 8-10 planting pockets will be constructed in the grout. Issuance of a Streambed Alteration Agreement Number R3-2001-0318 pursuant to Fish and Game Code Section 1601.	<b>NOE</b>	
2001098157	Issuance of Streambed Alteration to Agreement #01-0288 West Fork Middle Creek, Del Norte County. Fish & Game #1 --Del Norte This project will replace 4-18" culvert crossings appurtenant to replacement of the existing water distribution system within the Mill Creek Campground of the North Coast Redwoods State Park, on unnamed tributaries to West Fork Middle Creek in Del Norte County.	<b>NOE</b>	
2001098158	Issuance of Streambed Alteration to Agreement #01-0462, Hat Creek, Shasta County Fish & Game #1 --Shasta This project will repair the existing log crib structure and maintain the channel and the fish barrier and dam, at the PG&E Hat Creek Fish Barrier to protect fish and wildlife resources. The project includes a 5-year maintenance activity.	<b>NOE</b>	
2001098159	Issuance of Streambed Alteration to Agreement #01-0339, Antelope Creek, Shasta County. Fish & Game #1 --Shasta The project will repair an existing bridge across Antelope Creek in Shasta County appurtenant to an existing road which provides access to residences in the Meadow Oak Road Association. The project will repair the existing rock gabion and wing wall, insert a retaining wall behind those structures and excavate and replace fill within the road shoulder. The project involves no expansion of existing use.	<b>NOE</b>

2001098165	<p>Issuance of Streambed Alteration to Agreement #01-0379, Campton Creek, Humboldt County.</p> <p>Fish &amp; Game #1</p> <p>--Humboldt</p> <p>Department of Fish and Game takes lead agency role pursuant to CEQA Guidelines 15052 (3). The project will install a drainage outfall and energy dissipater on Campton Creek, Humboldt County, to accommodate runoff from a 9-lot residential subdivision.</p>	<b>NOE</b>	
2001098166	<p>Gas Line Replacement Project</p> <p>Fish &amp; Game #3</p> <p>Cotati--Sonoma</p> <p>The project site is located at the intersection of Madrone Avenue and Washoe Creek approximately 900 feet east of Stony Point Road, in the City of Cotati, Section 27, Township 6 N, Range 8 W, in Sonoma County. Pacific Gas and Electric Company proposes to directional bore (HDD) under Washoe Creek to install a 12-inch steel natural gas line that will replace an old 8-inch gas main. There will be approximately 624 feet of 12-inch transmission pressure (TP) installed at a minimum of 15 feet under the creek. The entrance bore pit is located on the west side of the creek, approximately 270 feet from the creek, and the exit bore pit is on the east side of the creek, approximately 310 feet from the creek. Both the entrance and exit bore pits are in the middle of Madrone Avenue. At the time of the field visit, June 13, 2001, there were only small pools of water in the creek with little to no flow. The riparian vegetation consists of a dense canopy of willows, oaks and blackberries. There are several special status species in the area, however the habitat at the work site is marginal. No special status species were observed at the project location during the site visit. Issuance of a Streambed Alteration Agreement Number R3-2001-0517 pursuant to Fish and Game Code Section 1603.</p>	<b>NOE</b>	
2001098167	<p>Russian River Gravel Extraction</p> <p>Fish &amp; Game #3</p> <p>--</p> <p>Removal of up to 400 cubic yards of sand/gravel from existing gravel bar on the Russian River. Gravel will be pushed by a bull dozer and loaded with either an excavator or a loader. Operation will be conducted during the summer low flow level of the river, between June 1, and October 15, 2001. Issuance of a Streambed Alteration Agreement Number R3-2001-0259 pursuant to Fish and Game Code Section 1603.</p>	<b>NOE</b>	
2001098168	<p>Sulphur Creek Bank Stabilization and Impoundment Aggregate Removal</p> <p>Fish &amp; Game #3</p> <p>Ukiah--Mendocino</p> <p>Applicant proposes to stabilize an eroding stream bank within the lower reach of Sulphur Creek by re-contouring to a 2:1 slope the eroding stream bank and revegetation work to stabilize the eroding bank. A temporary stream crossing may be required to conduct the stabilization work, and, if necessary, will include the installation of a temporary culvert to allow for fish passage. This project will include removal of some of the depositional material that has formed within the channel in the lower reach of Sulphur Creek. The applicant seeks to use the spoils of this project for road maintenance. In addition, under this application, the</p>	<b>NOE</b>

<b><u>Documents Received on Thursday, September 13, 2001</u></b>			
1999122043	Atherton Place Santa Cruz County Aptos--Santa Cruz Proposal to construct 4 semi-detached townhouses and 29 detached townhouses, in two phases, on a common parcel with a minimum "restricted common area" of 3,000 square feet minimum per dwelling unit; 2 new roads: "North Brook Court", "Bower Court", and an emergency access drive; 5 parking areas totaling 24 spaces; drainage systems discharging an existing gully along Porter Gulch Creek; two retaining walls up to four feet in height, and one retaining wall up to seven feet in height. Grading consists of 7,690 cubic yards of cut and fill, balanced on site. The rear (riparian woodland) of both parcels, an area totaling 8.537 acres, would be maintained as open space. A Lot Line Adjustment is proposed to transfer approximately 5.05 acres from APN 037-251-21 to APN 037-251-22 to result in two parcels of 3.38 acres and 14.5 acres respectively. The project requires a Subdivision, Lot Line Adjustment, Roadway/Roadside Exceptions, Riparian Exception for the drainage systems releasing to the riparian corridor, and a preliminary grading approval. The property is located on the north side of Cabrillo College Drive and the south side of Soquel Drive, just east of Atherton Drive.	<b>Neg</b>	10/12/2001
2001091048	Thomas Law Reed K-8 School Kings Canyon Unified School District Reedley--Fresno K-8 Elementary School site.	<b>Neg</b>	10/12/2001
2001091049	Avocado Barons San Diego County Department of Planning and Land Use --San Diego The project is the proposed subdivision of 25.28 acres, located approximately 300 feet east of Valley Center Road, to be subdivided into three parcels. The development of this property involves concurrent processing of a Specific Plan, a Major Use Permit and Minor Subdivision.	<b>Neg</b>	10/12/2001
2001092055	Application to Appropriate Water No. 30674 State Water Resources Control Board Napa--Napa The proposed project is to enlarge an existing small on-stream reservoir (which typically does not hold water for long) to hold up to 25 acre-feet of water (Point of Diversion (POD) 1) and to install the necessary pumping facilities to allow diversion of water to storage from an existing offset well adjacent to Redwood Creek (POD 3). Because the reservoir is just below the watershed dividing the Redwood Creek drainage from the Unnamed Stream drainage, it will be a "fill-and-spill" facility. The applicant proposes to plant approximately 6 acres of grapes and plans to use some of the water for lawn and garden irrigation around the house.	<b>Neg</b>	10/12/2001
2001092056	Amendment of Rule 4601 (Architectural Coatings) San Joaquin Valley Air Pollution Control District --San Joaquin Amendments to Rule 4601 (Architectural Coatings) to bring the rule inline with the suggested control measure adopted by the California Air Resources Board.	<b>Neg</b>	10/13/2001

<b><u>Documents Received on Thursday, September 13, 2001</u></b>			
2001092057	Rasmussen-Zone Amendment/TPM Sierra County --Sierra Zone Amendment from Open Space 20 to Rural Residential 5-acre minimum to facilitate the division of a 25.66 acre property by tentative parcel map into 4 parcels.	<b>Neg</b>	10/12/2001
1991113031	Montezuma Wetlands EIR-GP G-91-03, U-91-35, Z-91-05, MD-91-4 Solano County Proposed embankment dam, 13 feet high, with 195 acre-feet of storage to provide water for operating the Montezuma Wetlands Restoration Project.	<b>NOD</b>	
1999092030	Wastewater Outfall Relocation Project Healdsburg, City of Healdsburg--Sonoma The new outfall would consist of approximately 130 feet of 24-inch pipeline to replace a portion of the existing outfall line that presently discharges treated effluent into Basalt Pond (an old mining pit next to the Russian River). The City is under a Cease and Desist Order from the Regional Water Quality Control Board to get out of the Basalt Pond. The City has determined that the adjacent Pond V would be a suitable outfall location. A new pipe would connect to the existing outfall at the southwest corner of the wastewater treatment plant, then run south to an outlet structure in the new pond. The outfall structure would be located away from shallow water habitat areas designated in the Mining and Reclamation Plan for the Phase V Pond. The outlet structure would consist of an approximate 4 foot by 4 foot vertical headwall, with a small amount of rock or concrete rip-rap to prevent localized erosion. This outlet would be the only above-ground portion of the project, and would be submerged under most conditions.	<b>NOD</b>	
2001029020	Western Midway Sunset Cogeneration Company Project Energy Commission --Kern The Western Midway Sunset Cogeneration Company (MSCC) Project involves the construction, operation and maintenance of a 500-megawatt natural gas fired combined cycle power plant. The project includes the power plant on a 10-acre site, a 19-mile 230 kV transmission line, and a 1.8-mile water supply pipeline. The project will result in impacts to the San Joaquin antelope squirrel, giant kangaroo rat, Tipton kangaroo rat, San Joaquin kit fox, Bakersfield saltbush, California jewelflower, and Bakersfield cactus, which are protected under the California Endangered Species Act, requiring issuance of a California Incidental Take Permit (Permit).	<b>NOD</b>

	tanks for the use and storage of approximately 14,000 gallons of fuel. The site consists of ten separate parcels totaling 9.87 acres of which 4.1 acres are located within the jurisdiction of San Bernardino County and are proposed to be annexed to the City. A Pre-Zone application has been submitted to pre-zone the proposed annexation area to Commercial-Resort (CR), consistent with the zoning of that portion of the property within the city limits. The City and Holloway's Marina are proposing to enter into a Development Agreement, which provides the framework for the overall development of the site over the next 5-8 years.		
2001051109	Commercial Design Ordinance and Guidelines Carmel-by-the-Sea, City of Carmel--Monterey The project entails the City of Carmel-by-the-Sea updating its Commercial Design Ordinance and adopting Commercial Design Guidelines. The proposed update would change several development standards in the existing ordinance including allowed floor area, minimum setbacks, allowed building coverage, and maximum height. The project would also adopt illustrated design guidelines for the City's design review process. The purpose of the draft ordinance and guidelines is to establish development regulations that will ensure that in-fill projects, replacement buildings, and facade remodels conserve the exemplary design character of the City's commercial districts.	<b>NOD</b>	
2001062014	State Route 4 Tree Removal Caltrans #10 --Alpine The California Department of Transportation (Caltrans) in cooperation with the U.S. Forest Service (USFS) Humboldt-Toiyabe National Forest is proposing to remove approximately 100 hazardous trees that are within 1.5 meters (5 feet) or less of traveled way on State Route (SR) 4 in Alpine County. For the purpose of this project, Caltrans has adopted the tree removal criteria used by the USFS. The removal criteria are discussed in the Tree Hazards: Recognition and Reduction in Recreation Sites handbook, USFS 1981. Many of the trees are currently damaged or dying and/or are close enough to the road that they pose a potential safety hazard to the traveling public.	<b>NOD</b>

2001091058	Golden Valley Commercial Zonechange Santa Clarita, City of Santa Clarita--Los Angeles The project involves changing the current general plan/zoning designation from Residential Suburban Planned Development to Community Commercial Planned Development in order to construct a new 9,600 square foot commercial building on 1.44 acres and to provide on-site consumption of alcohol and live entertainment within one restaurant (all live entertainment would be conducted inside of the restaurant). The property was originally part of Vesting Tentative Tract Map 48892 which the City Council approved in December of 2000. The project consisted of 151 residential lots, however, it was discussed in the EIR for the project that only 150 of the lots were going to be built on with single family homes. The 151st lot was going to remain vacant and although it was not discussed in VTTM 48892's EIR, the applicant stated at the Planning Commission and City Council meeting that they were going to come back to the City for a general plan/zone change use for commercial for the 151st lot. In addition to the 151st lot, the applicant will be required to fulfill all the applicable mitigation measures and conditions of approval of VTTM 48892 if approval is granted for the proposed general plan/zoning change and commercial shopping center.	<b>Neg</b>	10/15/2001
2001091059	Conditional Use Permit No.01-151 Los Angeles County Department of Regional Planning Malibu--Los Angeles This is an application for a Conditional Use Permit to allow the installation of a "Microcell" communication facility within the public right-of-way. The Microcell improvements are located on and adjacent to an existing utility pole, and consist of two 24" whip antennas and a small GPS antenna on a 72 inch support arm, a 36" by 19" by 11" deep pole-mounted equipment box, and a 50" by 35" by 20" ground mounted equipment cabinet located 263 feet away from the pole. The site is located in front of a single family residence.	<b>Neg</b>	10/15/2001
2001092058	Rosemont High School Project Sacramento City Unified School District Sacramento--Sacramento The project consists of a 9th through 12th grade high school with a planned student capacity for the high school of 1,600, with 2,000 students at buildout. The site is subdivided into two areas by a 40 foot topographic elevation change. The upper level adjacent to Kiefer Boulevard and Mayhew Road would contain the school buildings, parking areas, future swimming pool, physical education fields and hard courts. The high school campus is master planned for 286,219 square feet of building area to include 69 teaching stations in the first phase and increase to 86 stations after the future expansion. The lower level adjacent to Bradshaw Road would contain the 3,024 seat sports stadium, baseball, and softball fields.	<b>Neg</b>	10/15/2001

1993042008	Miller Park Launch Sacramento, City of Sacramento--Sacramento Repair existing boat ramp, re-grade and re-install existing concrete panels. Repairs will require de-watering, installation of fish screens, filters and silt ponds minimizing any discharge of material into the river. The re-grading will consist of removing and replacing the rock base and riprap. The cutoff sheets will remain in the river to add stability to the riprap and provide for bank stabilization and erosion control. The re-grading will displace approximately 80-100 cubic yards of river bottom material to an upland area equipped to prevent runoff or discharge into the river. The pre-cast panels will be removed and, if undamaged, will be re-installed. If the pre-cast panels are damaged a pour in place concrete ramp will be required.	<b>NOD</b>
